DETAILED ACTION

The amendment filed on 15 December 2003 has been entered and overcomes the rejection of claims 2-32.

Claim Objections

1. Claim 15 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claim 15 is not dependent upon a previous claim.

Allowable Subject Matter

2. Claims 2-14, and 16-32 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 2, 16, and 18, the prior art of record neither shows nor suggest a semiconductor light emitting device comprised of, in part, a first lasing portion and a second lasing portion, the first lasing portion includes a first lasing electrode electrically isolated from the first substrate; and the second lasing portion includes a second lasing electrode electrically connected to the electrode, along with the other limitations of the claim.

Due to their dependency, claims 3-14, 17, and 19-32 are necessarily allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
